

THINK STRETCH

STOP WINTER BRAIN FREEZE !

HELP BRAIN HIDE FROM PROFESSOR'S SNOWBALLS!

For every day you read,
add a snow-brick to make a fort
for Brain.

GRADE

3RD

Read for at least **20** minutes, then fill in your book's title and add a brick to the snow-fort.

Snazzy Snowflakes

BONUS ACTIVITY

Make a snowflake to take to school after winter break.

Choose items from the box to make a crazy, sparkly or colorful snowflake.

For a special snowflake - make one you can eat!

- * Fold a flour tortilla into quarters, cut out shapes along the folds.
- * Unfold, spray with cooking spray and bake at 400° for 5 minutes.
- * Sprinkle with powdered sugar.
- * Hurray! A warm, sweet and tasty snowflake!

EXPLORE CAN YOU MAKE FROST ?

- 1 Collect a clean, empty can, crushed ice, and salt.
- 2 Fill the can about half way with ice.
- 3 Add a bit of salt and some water.

Watch frost form on the outside of the can.
Frost is the water vapour from the air freezing onto the very cold surface of the can.

If you write your initials on the can, will the frost come back?
Where does the can make more frost? In the kitchen?
In your bedroom? Outside?
